

**January 2025**

**Dear Coalville North Resident,** As I reflect on nearly four years as your County Councillor, I'm proud to have kept my election promises, remained available 24/7 to support residents, and worked hard to keep you informed about my work at County Hall.

Through regular leaflet drops, doorstep sessions, daily updates on my website and Facebook page, and these monthly reports, I strive to engage with as many local residents as possible and remain accountable to you.

This year, I'm also launching a weekly newsletter, sent out every Monday evening. To make sure you receive it, please sign up at: [www.craig-smith-uk/newsletter](http://www.craig-smith-uk/newsletter)

The year ended with another appearance on BBC Politics East-Mids, discussing Local Gov funding and onshore wind farms.

I have continued to support our local farming community, visiting farms in the area as well as joining the Melton protest & attending local farming group meetings.

LCC gritting team did a Stirling job during the recent cold snap, getting all vehicle out across the county 24/7. Keeping our roads open and clear.

With funding being released by Gov to fix more potholes, I've gone on a mission to make sure Coalville gets its fair share of the cash,

The team and I have been out litter picking again, we don't just do them, we organise them. If you would like to join in please message me, more the merrier.

I recently met with the Snibston Heritage Trust and facilitated a meeting with LCC property to discuss ways of maintaining and improving the site.

Helping lots of local residents & community groups like MRC

Attended Local Parish Council meetings helping them with LCC related issues as well as delivering my monthly report.

Meeting with the Rt Hon Kemi Badenoch MP

**DON'T FORGET** to check my **FACEBOOK PAGE** which I update daily
